Viewer Workflow Tips - EDs

How can we integrate the Viewer into our workflows?

Phase	Suggested Steps
Try It <i>(Plan/Do)</i>	Do a small-scale test to see if the Viewer adds value in one workflow: <u>Workflow:</u> No medical history <u>Person/Team:</u> Scribe / Medical Secretary <u>When:</u> As part of initial research process <u>Frequency:</u> 20 patients over 2 weeks <u>Timeframe:</u> Complete by Aug 31 st
Assess Value <i>(Study)</i>	Measure Value: <ul style="list-style-type: none"> Use the Workflow Assessment Tool to measure value  <ul style="list-style-type: none"> Talk about whether the Viewer is beneficial in this workflow
Make Part of Workflow <i>(Act)</i>	For workflows where the Viewer is beneficial: <ul style="list-style-type: none"> Integrate it into the regular workflow Update documentation Train other staff on the value

CurrentCare. To your health.

Rhode Island's healthcare community working together, dedicated to your good health and that of your family.

CurrentCare makes it happen.
