

What patient info are you missing?
CurrentCare can help.

Purpose

- Understand management strategy
- Facilitate resource assignment & communication to the organization

Create Strategy

What are your goals?

What would you like to accomplish using CurrentCare?

<input type="checkbox"/> Save Patient Time	<input type="checkbox"/> Improve Patient Care
<input type="checkbox"/> Save Staff Time	<input type="checkbox"/> Improve Patient Satisfaction
<input type="checkbox"/> Reduce Readmissions	<input type="checkbox"/> Improve Quality Metrics
<input type="checkbox"/> P4P Program: _____	<input type="checkbox"/> Improve Care Coordination

Timeframe

When do you plan to roll out or improve each service?

<u>Service</u>	<u>Date</u>	<u>Comments</u>
<input type="checkbox"/> CurrentCare Enrollment		
<input type="checkbox"/> CurrentCare Viewer		
<input type="checkbox"/> CurrentCare Hospital Alerts		
<input type="checkbox"/> CurrentCare Data Sharing		

Assign Resources

Who will be assigned to work on this project?

Create a Communication Plan

How will you communicate this strategy to your organization?

- Send an Email to the organization indicating importance
- Make CurrentCare a part of ongoing staff meeting agendas
- Share CurrentCare Metrics with the team (enrollment, Viewer usage)
- Other: _____

Create a Viewer Workflow Assessment Strategy

- Use the **Viewer Workflow Assessment Tool** to assess where the Viewer provides the most value for each role/site/organization.
- Choose a Workflow Assessment to start with:

Workflow(s):		Ex: medication reconciliation
Person/Team:		Ex: MAs
Frequency:		Ex: 20 patients over 2 weeks
Timeframe:		Ex: Complete by Aug 31st

- Regularly assess where the Viewer is adding value.
- Use the **Viewer Workflow Sharing Tool** to share the benefits with the rest of team/organization during team meetings.
- Where it's beneficial, integrate using the Viewer into official workflows, documentation, etc.

Follow Up Meeting

When can we meet again to assess the change?
